DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative, Mr. Stephen Boughner, on Dec. 21, 2005.

The application has been amended as follows:

In claim 2, line 9, in between "a plurality of" and "guide slots" inserting --differently slanted--.

Allowable Subject Matter

2. Claims 1-23 are allowed over the prior art.
3. The following is an examiner's statement of reasons for allowance: regarding claims 1, 2, 7, 18, 19 and 23, the primary reason for the allowance of the claims is due to a semiconductor device loading test handlers comprising, in combination with other limitations, a space adjusting plate having a plurality of different slanted guides form to individually adjust pitches of a vacuum adsorbers. The closes prior art is Kress (6,439,631). However, he does not disclose the limitation above. Since claims 8-13 and 17 depend from claim 7, and claims 20-22 depend from claim 19, they also have allowable subject matter.

Regarding claims 3-6 and 14-16, the reason for the allowance of the claims was given in the Office Action mailed on September 12, 2005

Art Unit: 2829

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
